Heartsaver CPR/AED/First

Heartsaver CPR/AED/First Aid course is for anyone with limited or no medical training who needs a course completion card in first aid, CPR and AED use to meet job, regulatory or other requirements. Students learn skills such as how to treat bleeding, sprains, broken bones, shock, and other first aid emergencies. This course also teaches adult, child, and infant CPR and AED use. These courses can also be taken by anyone who wants to be prepared for an emergency in any setting. Prior to class, students must obtain the Heartsaver First Aid CPR AED book available in the BCCC bookstore. Participants will need to dress comfortably, as you may be down on the floor working with CPR manikins.
